

Dear Charter Guest

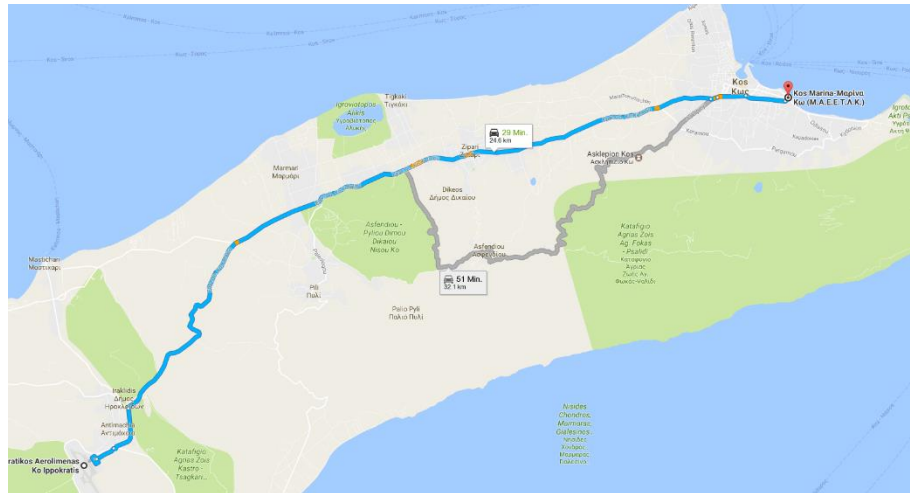

We would like to welcome you on TAMIRO – enjoy your unforgettable vacations on our Lagoon 450F. To prepare your trip, we want to provide you some useful information before you travel to Kos.

Travel to Kos

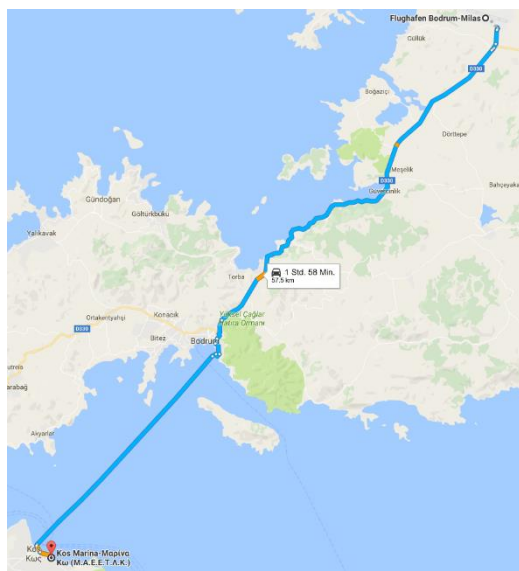

There are two options to travel to Kos, either by air or by ferry.

Flying to Kos Airport (KGS)

Kos has an airport, to which you can fly daily from Athens (Olympic Air / Aegean Air), or from some European Cities (usually charter flights). From Kos Airport, take a taxi to Kos Marina. The taxi fare is approx. EUR 35, and takes 30 minutes. Best option is to fly to Athens (ATH) on Aegean Airlines, and then connect to Kos town. There are between two and four daily flights between Athens and Kos.

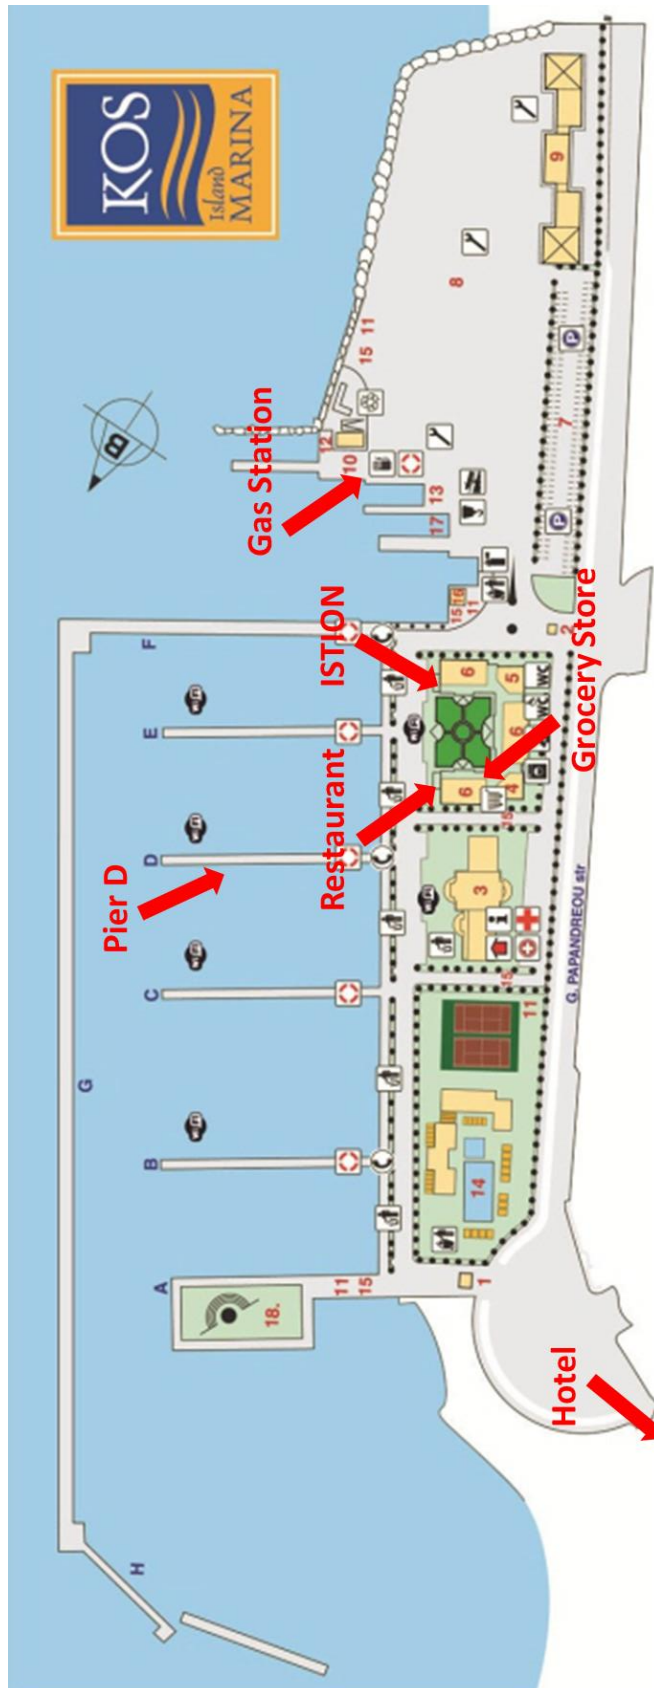

Flying to Bodrum (BJV)

Another option is to fly to Bodrum, directly or via Istanbul. From Bodrum Airport, you can take a transfer (bus or taxi) to the ferry pier in Bodrum town, and then cruise to Kos Town (approx. 14nm). From Kos Town, take a taxi to Kos Marina (5 minutes). This trip is longer, and only recommended in case you travel via Turkish Airlines on an intercontinental flight via Istanbul (IST). Please also check on the ferry connections from Bodrum to Kos. Depending on the season, they don't operate often. This trip will take between 2.5 to 6 hours, depending on the ferry schedule.

The Immigration to EU/Greece, and Customs will take place at the ferry terminal in Kos Town.

Kos Marina

Kos Marina (<http://www.kosmarina.gr>) is located approx. 1km easterly of Kos Town, and offers a restaurants, a grocery-, and several maritime shops. The address of the Marina is Leoforos Georgiou Papandreou, Kos 85300, Greece. Please advise your taxi driver to drive to Kos Marina, and then stop between Pier “D” and “E”, opposite the restaurant. SC Tamiro is usually moored at Pier “D”.

Hotel

In case you arrive on the day before, there are several hotels nearby the marina. The closest hotel is called “Kos Hotel Junior Suites” (<https://www.koshotel.gr/en/>). It is rated as a four-star hotel, and their rates are usually very attractive. You can walk between Kos Marina and the hotel (350 meters). Close to the hotel, there are several nice restaurants to enjoy dinner or lunch.

Shopping

There is a grocery store called “Super Market Kostas”, which is a small supermarket (<http://www.marinasupermarketkostas.gr>). The assortment of the supermarket offers (almost) everything you need for your sailing vacations. There is normally no need to go to the larger supermarkets (Carrefour, 700 meters), since Kostas can organize you (almost) everything. Kostas offers a service of “pre-ordering”, meaning that everything is ready for pick-up, at the time you arrive at Kos Marina. We can provide you a shopping-list, or download it from our website (Downloads), in case you are interested in this. Super Market Kostas also delivers all the food and drinks directly to SC Tamiro,

which is very convenient.

Check-In

Tamiro Catamaran MCPY mandated ISTION Yachting in Kos for the On-Site Yacht Management (www.istion.com). When you arrive at Kos Marina, please visit the ISTION office. ISTION will do all the required paperwork with you, and provide you a briefing, how to handle SC Tamiro, collect the deposit (Cash or Credit Card), or supply you with additional gadgets (see below).

Their office is located opposite pier E and F on the first floor. They are expecting you, and are aware that you are arriving. In case of trouble, please contact ISTION:

Phone: +30 2242 022195
 Email: kos@istion.com

Preparing for the trip

Manuals, Checklists, etc.

You can download documentations on how to operate SC Tamiro from our webpage. Visit www.tamiro-catamaran.com/downloads.php to download manuals, checklists, and other useful documentation.

Crewlist

Greek law requires that there is a signed crew list on board, while sailing in Greek waters. Please download the template document from our website (visit our download section, see above).

Sailing Certification

Before you head-off to Greece, please send us a copy of your sailing certification. Tamiro Catamaran MCPY must check the Skipper's qualification, according to Greek Law and our insurance company. In case you don't have a certification, we are happy to provide you a Skipper.

Sailing Area

The Dodecanes offer a unique sailing experience, with many options. Please visit our website for some sample sailing itineraries, or speak to Urs Tanner or Christos Mylonas (Base Manager ISTION). Both of us are happy to tell you the secrets of the Dodecanes.

Closing

SC Tamiro is a Owner-Boat that is also chartered by guests. The advantage of an Owner-Boat is, that the boat is better equipped than normal charter boats, but therefore are also more complex in operation. Please take care on our boat, and if there is a damage or problem, please speak to us so that we can help you.

We wish you all the best, and enjoy your vacations on TAMIRO.
